REFERRAL PROGRAM:

Once you have registered with the preliminary course, *The World and Its Physical Geography*, you will automatically become a Member of The Globe in a Nutshell® program and you will receive your very own REFERRAL CODE.

We have an award system in place to honour those who have given us the greatest of compliments ... REFERRALS. We LOVE referrals. For more information about our 'Reach Out Referral Program' visit our website at www.theglobeinanutshell.com and click on 'REFERRAL PROGRAM'.

If you see a Member's Referral Code below, then a Member has referred you to The Globe in a Nutshell®. So please help the Member earn a FREE Regional Interest Course (i.e. Canada, United States, etc.) by providing their Referral Code during your online registration. When you enter the Member's Referral Code they accumulate Travels Points towards a FREE Regional Interest Course. It will be a great honour for us at The Globe in a Nutshell® to be a part of a community where people help people. To show our gratitude, we are pleased to offer you the preliminary course, *The World and Its Physical Geography*, for \$79.00 CDN (a \$20.00 discount) for providing their Referral Code during online registration.

The Globe in a Nutshell

**WE HELP EXPLORERS
DISCOVER THE WORLD!**

The Globe in a Nutshell® takes keen adventurers on a voyage of discovery into the fascinating world of global geography. From the comfort of home, through online courses, practical assignments, and self-motivated learning, you will be inspired to expand on your knowledge of the world and all it has to offer.

Your curriculum is organized into nine segments. The first, *The World and Its Physical Geography*, will teach explorers all about tectonic plates, continents, oceans, mountain ranges, rivers, seas, deserts, major lakes and much more, and is the prerequisite to the next eight REGIONAL INTEREST COURSES:

CANADA

The Great White North!

UNITED STATES

The Land of Opportunity!

CENTRAL AMERICA

Vibrant, Colourful, Exotic!

SOUTH AMERICA

Jungles, Rainforest, Mysteries!

EUROPE

The Old Country!

AFRICA

Classroom Safari!

ASIA

and the Ancient Orient!

AUSTRALIA & OCEANIA

from Shipwreck Coast to the Arid Outback!

COURSE MATERIALS:

Each course participant will access their Member's Page through The Globe in a Nutshell® website to download their Travel Diary with course outline, assignments, blank outline maps, graphic maps, travel logs and other materials of interest. In addition, members are required to own a globe, atlas, and coloured pencils.

With The Globe in a Nutshell®, you will discover our home, planet Earth, from crust to core, to the great depths of the oceans floor, from rushing rivers, majestic mountains, to landform regions and drainage basins which have influenced many civilizations. You will be amazed by the world at your fingertips.

The Globe in a Nutshell® is fun, ideal for families and relevant to your life and times. Members will:

LEARN ALL ABOUT OUR DIVERSE PLANET EARTH

- Its mysterious places, vast expanses of desert, mountain ranges, oceans, rivers, seas and much more;
- Point a finger anywhere on the globe and talk about it and the surrounding areas;
- Know all the countries and the names of their capital cities;
- Gain an in-depth knowledge about each of the eight global regions;
- Understand how the landmasses have formed and how they continue to alter today.

PRELIMINARY COURSE:

- * The World and Its Physical Geography
- * For New Adventurers: Please note that *The World and Its Physical Geography* is a preliminary course with this program and must be successfully completed prior to pursuing any of the following eight REGIONAL INTEREST COURSES.
